

## Europe Invites America To Join Conference on Russian Affairs in June

### GENOA PARLEYS PROBABLY WILL END THIS WEEK

#### New Move Seen as Method of Dis- solving Without Admitting Fran- co-British Differences

### Truce to Operate

#### Nations Will Refrain From Making Separate Agreements With Rus- sia Pending New Conference

(By The Associated Press)  
Genoa, May 14. — The Italian foreign minister, Signor Schanzer, who is president of the economic conference, called on Ambassador Child tonight and handed him a formal invitation to the United States government to participate in the newly-arranged Hague conference on Russian affairs in June.  
The ambassador immediately forwarded the invitation by cable to the state department at Washington.

Genoa, May 14. — The Genoa economic conference will be reconvened on June 15 at The Hague to discuss Russian questions, if the plan agreed to this afternoon at a private conference of the inviting powers be accepted by the sub-committee on Russian affairs at its meeting tomorrow.  
This decision to postpone action relative to Russia is prompted largely by the desire of the European powers to induce the United States to participate and apparently is merely a means of dissolving the Genoa conference without admitting that the differences between France and Great Britain regarding the treatment of Russian problems cannot be reconciled in Genoa.

#### Only Vague Details.

Sir Edward Grigg announced this afternoon that this compromise plan, suggested by Premier Lloyd George, has been accepted by the inviting powers and will be passed on by the sub-committee on Russian affairs tomorrow. Only vague details are given as to how the proposed commission or commissions to discuss the Russian question will be formed at The Hague, and in the twilight zone, awaiting America's decision whether she will help Europe to straighten out the tangle.

Sir Edward added that all the powers attending the Genoa conference will be asked to send representatives to The Hague, where they will agree upon members of the commission who are to sit with the Russian representatives.

## Upper Silesian Problem Settled by the League

(By The Associated Press)  
Geneva, May 14. — The German and Polish representatives attending the sessions of the council of the League of Nations are ready to sign the economic treaty agreed upon settling the Upper Silesian question. The signing of this treaty will close what officials consider the league's greatest political achievement. The document is longer than the treaty of Versailles, containing 601 articles, 166 more articles than are embodied in the Versailles treaty.  
The Upper Silesian agreement follows six months' work under the chairmanship of M. Calonder, former president of Switzerland, who was appointed arbitrator by the League of Nations. Although the conference several times was on the verge of breaking up without an agreement M. Calonder never had occasion to use his authority, from which there would have been no right of appeal.  
The Upper Silesian agreement, which members of the league regard as the most important settlement of an European controversy since the signing of the Versailles treaty, contains detailed arrangements for disposition of the railways, water, electric current and postal for 15 years. It is designed also to prevent economic crises and provide for two joint Polish-German commissions under League of Nations chairmen, the first of which is to execute the treaty and the second to settle private disputes.  
League experts believe the treaty will remove possible sources of war between Germany and Poland and France, and that it so pools Silesian resources as to prevent either Germany or Polish industries from suffering.

#### propagandist attack on the govern- mental systems of European coun- tries.

The rejoinder as arranged today by the Allied leaders will suggest to the Russians that they convene their experts at The Hague on June 26 to discuss credits, debts and the status of foreign property in Russia. The Russians are asked to promise that during the conferences with the experts of other countries they will indulge neither in aggression nor propaganda. In the meantime, the powers, other than Russia, represented at Genoa, would agree to recommend to their home governments that their experts be sent to The Hague on June 15. This would permit mutual consultation on the program to be discussed later with the Russians.

The hope is expressed by the French delegation that the United States will be prevailed upon to send their experts for the meeting on June 15, which will start the machinery of the conference in operation.  
Neither France nor Belgium will sign the note to the Russians, according to the present plans, because Belgium did not sign and France withheld her approval from the memorandum to the Russians.  
Richard Washburn Child, the American ambassador, was the guest of M. Barthou and M. Barrere, of the French delegation, at luncheon today when the suggested co-operation of the United States was discussed at length. The question of whether America will accept dominates everything at Genoa. Washington has the next word.

#### Russian Refusal Reported.

London, May 14. — Reuters' Genoa correspondent says it is reported that the Russians refuse to accept the proposed terms for the appointment of a mixed commission and have notified Signor Schanzer to this effect.

### ITALY NEGOTIATING COMMERCIAL TREATIES

Genoa, May 14. — The Italian premier, Signor Facta, who was due to return to Rome tomorrow for an important parliamentary discussion, gave up the idea of leaving Genoa owing to the gravity of the situation. Italy is taking advantage of the presence at Genoa of representatives of all the European countries to carry on negotiations of an economic character. Besides the Italy-Polish commercial treaty, Italy is now negotiating a special convention concerning Polish oil, and another with Rumania for the importation of raw Rumanian oil to Trieste, where it will be refined. This convention with Rumania will be accompanied by a commercial treaty.  
Other commercial treaties that are about to be concluded are with Lithuania, Spain and Finland. The last named is conditional on the annulment of a clause in the Franco-Finnish commercial treaty whereby France has a monopoly on the importation of the alcoholic products of Finland.  
The most important negotiations Italy is conducting relate to reparations due her from Germany, consisting of commodities to the value of 240,000,000 gold marks. Dr. Rathenau, the German foreign minister, declared that these commodities should be supplied by Germany over and above the ordinary exportations to Italy and should consist of finished articles. The Italian minister of commerce, Count Rossi, had arranged that German reparations should be included in the ordinary exportation of German goods to Italy and should consist only of raw materials.  
France, Italy, Spain, Portugal and Greece agree to meet in Paris in the summer for a conference regarding their alcoholic production, which is seriously imperilled by the prohibition laws in the United States.

### LEHIGH VALLEY NET INCOME OVER \$10,000,000 IN 1921

Philadelphia, May 14. — The annual report of the Lehigh Valley railroad company for the year ending December 31, 1921, made public tonight, shows net operating revenue to have been \$7,759,731 and net income, \$10,060,797. No comparison with 1920 could be made in the income statement, the report said, because the corporation had operated its property only ten months of that year.  
Total operating revenue in 1921 aggregated \$74,977,794, a decrease slightly less than \$500,000 as compared with 1920. Operating expenses were \$67,238,067, a decrease of \$12,785,082.

### GENERAL WU CONTINUES CAMPAIGN AGAINST CHANG

(By The Associated Press)  
Peking, May 14. — General Wu Peifu has ordered his troops concentrated at Tang Shan, north of Tien Tsin, on the assumption that General Chang Tso-lan plans to establish an independent government in Manchuria and Mongolia. The Peking government has given orders to its military leaders to dislodge General Chang. It is generally regarded in official circles that General Chang Tso-lan intends to make Lanchow his stronghold against the enemy.

### WELFARE WORKER KILLED

New York, May 14. — Believed to have been seized with a paroxysm of pain while ill from overwork among the poor of the city, Miss Anna M. Edwards, 38 years, old, fell to her death early this morning from the window of her apartment on the fifth floor of the Manhattan Hotel. The body was discovered on the pavement in the rear court yard of the building by Miss Ethel Stephens, a nurse, who had been attending the invalid.

### Indicted

Among eight indicted at Chicago in connection with outbreaks in which two policemen were killed and buildings bombed are "Big Tim" Murphy (above), head of the gas workers' union; Fred Mader (center), president of the Chicago Building Trades Council, and "Con" Shea, head of the theater janitors' union.

### QUEEN OF RUMANIA MAY VISIT AMERICA

#### Marie May Forego Coronation Next Fall in Order to Come to U. S. to Thank People

(By The Associated Press)  
Bucharest, May 14. — Queen Marie of Rumania may forego her coronation next fall in order to visit the United States. Since the signing of the armistice the queen has been planning to go to America but pressing affairs in her own country and the expenses of the long land and ocean journey have deterred her. Now invitations from friends and petitions from Women's clubs and civic societies are pouring in on her so fast that she finds it difficult to resist them.  
While the queen has not received an official invitation from President Harding it is known that the American government would welcome and entertain her. The Rumanian government, however, would prefer that the queen receive a formal invitation from the White House that there might be no mistake concerning her status. Queen Marie has not yet set any date for her departure but her friends are urging her to postpone her coronation with King Ferdinand, which is set to take place in Transylvania and start for New York after she has fulfilled a few European court engagements.  
The queen today made it clear to The Associated Press that she would like to visit the United States. It is the object of seeing the country and thanking in person the thousands of Americans who helped Rumania so generously during and after the war. She said it was absurd to think that she would engage in any motion picture enterprise.  
"I wish also," the queen added, "to see your high-spirited, sympathetic and humane President, your enterprising and clever men and your practical and resourceful women. I desire especially to talk with your women and get the benefit of their ideas."  
"I hope the American people do not believe for an instant the idiotic invention that I am going to appear as an actress in motion pictures. It is altogether offensive and provoking to have my name linked with these things, especially when it is said that I am to get such huge sums out of the enterprise. If one has to work quite as hard as I do to help others I suppose one's name is found occasionally to be taken in vain; but I am too busy with manifold duties to turn a hair about these fantastic publications."

### FOUR AND HALF MILLION TONS OF SOFT COAL WEEKLY

Washington, May 14. — Reports on bituminous coal production indicate a current output of 4,500,000 tons a week, the Geological Survey reported today, adding that this was a total greater than at any time since the miners walked out on April 1 in all the unionized producing districts in the country. Anthracite production during the week ending May 13 remained practically nil, the report said.

## THOUSANDS SEE 'PASSION PLAY'

First Public Performance Since  
1910 of World-Renowned Pa-  
sion Took Place Sunday

### A PEACE CONFERENCE

Anton Lang, Who Plays Role of  
Christ, Would Promote Bet-  
ter World Relations

(By The Associated Press.)

Oberammergau, May 14. — Today saw the first public performance since 1910 of the world-renowned "Passion Play" with the highlanders of this Bavarian village the actors. In the wake of the most cruel and expensive war of history, the revival of the peasant dramatization of the life of Christ came to an audience of some 4,000 persons in what seemed particularly appropriate sequence to the conferences at Washington and Genoa.

"I hope the Passion play will constitute a basis from which more friendly intercourse between nations will result in better international understanding," said Anton Lang, who plays the role of Christ. "To me there could be no better place for a peace conference than Oberammergau, with the teachings of its Passion play."  
Lang's eyes, gesture and his attitude on or off the stage personify a man of peace, and his personality reflects the devout character and sturdy idealism which since 1633 have guided the villagers' devotion in presenting the play every ten years except for a few necessary interruptions.

Thousands of tourists are here for the Passion play. Those who had been privileged last week to witness the final dress rehearsals commented freely today on the undoubted effect of the surrounding natural beauty upon the rearings of the villagers of Oberammergau for the higher things of life.

The bells of the parish church, which this morning summoned the inhabitants to their last mass before the opening of the Passion play season, yesterday tolled the final rites over a prominent member of the cast, Anton Mayer, who played the part of the disciple Thomas. Mayer caught cold a fortnight ago, while rehearsing on the outdoor stage during the severe weather and died on Thursday. He leaves a family of five children, all of whom will continue to participate in the play.  
Fully half of today's audience was made up of Americans.

### SAYS MRS. STILLMAN WON'T MARRY AGAIN

#### Mack Denies Reported Intentions of Central Figure in Divorce Case—Beauvais Also Denies

Poughkeepsie, May 14. — John E. Mack, guardian ad litem for young Guy Stillman, rested from his labors at pruning his apple trees this afternoon long enough to quash reports that Mrs. Anne U. Stillman would marry Fowler McCormick shortly after a decree is granted in the divorce action brought against her by her husband.  
"The rumor is foolish on the face of it," said Mr. Mack, "for it is not Mrs. Stillman who is seeking the divorce. Moreover, she says she would not marry the host man living."  
Regarding the theory that distrust for Fred Beauvais, the correspondent, actuated Mrs. Stillman's recent trip to Montreal for hearings here, Mr. Mack announced, "It is impossible to say anything one way or the other."

Montreal, May 14. — Specific denial that he ever sold any letters to lawyers of James A. Stillman, who is suing his wife for divorce, was made today by Fred Beauvais, Indian guide. At Poughkeepsie last Friday it was stated in court that Beauvais had sold four letters addressed to him by Mrs. Stillman for \$1,000.  
Beauvais said he had seen nobody connected with the Stillman case this week in Montreal, that he had never received any such letters as were described in court, that he did not know Edmund Leigh, the detective said to have paid him the money, and that the whole thing was untrue from beginning to end.  
Beauvais, accused by Stillman of being the father of the boy, Guy, said Mrs. Stillman was "an absolutely pure and innocent woman."

### PANIC IN BRONX WHEN TRUCK CRUSHES OUT LIFE OF INFANT

New York, May 11. — A five-ton truck crushed out the life of an infant girl and caused a panic which brought out police reserves to quiet residents of the crowded Bronx street today when the ponderous driverless vehicle, its brakes giving way, plunged through the crowds. Warned by the screams of the mother of the infant, scores of mothers who had their children in perambulators at the curb rushed them to safety as the truck careened by a street car, missing it by inches, and buried its hood into the brick wall of a dwelling house. Police reserves were called to disperse the crowd that thronged the street, seeking the truck owner, who has not been found.

### SENSATIONAL TURN IN IRISH CRISIS RUMORED

(By The Associated Press.)  
Dublin, May 14. — The Irish situation is likely to take a sensational turn. It was freely rumored for night that two prominent members of the anti-treaty party contemplated resignation with a view to facilitating proceedings towards peace. Important developments are therefore expected at an early date.  
The decision of the police commission of the Dail Eireann to meet on Sunday was interpreted as a determination to use every effort to reach a settlement. The commission met at 9 o'clock tonight and conferred for several hours. No official statement was issued, but a report will be presented to the Dail on Wednesday.

### VETERAN RELIEF IS NOT A BONUS

#### Volume of Applications Leads Of- ficials to Believe Ex-Soldiers Are Misinformed

(By The Associated Press.)

Albany, May 14. — The volume of applications for financial assistance that have been received by the New York State Veterans' Relief commission from New York state veterans of the World War leads officials of the commission to believe that thousands of former service men are under the misapprehension that a state bonus is about to be disbursed or that the relief to be distributed is a substitute for a bonus.  
"Much confusion has arisen as to the purpose of the Veterans' Relief commission," said Colonel H. J. Cookinham, executive officer of the commission. "The impression seems to have spread that the commission is handling a state bonus, such as was provided by the bonus law of last year which the courts declared unconstitutional."

"The New York Veterans' Relief commission, now functioning through deputy commissioners, one in each assembly district, has no connection whatever with a state bonus. Its purpose is to give to disabled unemployed veterans of the World War who are in immediate need of funds which sufficient to tide them over until they can obtain employment or secure the compensation they are entitled to receive from the United States government. To provide for this temporary relief, the legislature appropriated \$1,000,000.

"To be entitled to this relief, the applicant must show to the deputy commissioner in his assembly district: That he resided in the state April 11, 1922; that he served in the military or naval forces of the United States at some time between April 6, 1917, and November 11, 1918; that he is suffering from sickness or disability incurred in the military or naval forces of the United States (not necessarily between the dates mentioned) or as a result thereof; that he has been without regular employment for 14 days next preceding the date of application; that he does not receive aid from the United States government to the amount of \$30 or more a month for those without dependents and \$15 a month for those with dependents, if with dependents, who they are and how dependent.

"Unless a man can show these things he is not entitled to receive from this relief fund."

The New York Veterans' Relief commission is working under a law separate and distinct from any bonus legislation. It is attempting to relieve the immediate necessity of the disabled unemployed veterans, and no one else."

### ARGENTINA GROOMING FIRPO AS WORLD CHAMPION PUGILIST

Buenos Aires, May 14. — Luis Angulo Firpo's knockout of Jack Herman at Ebbetts Field, Brooklyn, N. Y., on Saturday occasioned a great demonstration when the news of the South American's victory reached here. Firpo, the heavy-weight champion of the world and his third victory since his arrival in the United States filled his Argentina supporters with boundless enthusiasm.  
Cheering crowds carrying great pictures of Firpo paraded the streets which were promptly decorated with flags. His admirers sang a jubilant song ending, "He will not stop until he is champion of the world." Hawk-ers did a thriving business selling Firpo's picture.

### PARRELL STEEL WORKS OPEN.

Sharon, Pa., May 14. — The Farrell works of the Carnegie Steel company are to be placed in operation at once, giving employment to approximately 1,500 men. A giant furnace and 13 open hearths are included in the order.  
The plant was closed by the depression in March, 1921, but was scheduled for reopening April 1, when the coal strike came on and changed the plan.

## TRIUMVIRATE RULED CHICAGO LABOR UNIONS

#### Police Lay Blame for Murders and Bombings Directly at Feet of Three Chiefs

### COURT ACTION TODAY

#### Attorneys to Ask Release of Eight Men Indicted for Slaying Two Patrolmen

Chicago, May 14. — Search today through the mass of documentary evidence seized in a spectacular series of raids on union headquarters, supplied proof, according to the police, that recent murders and bombings and lawlessness resulted from the efforts of a triumvirate of labor men to rule Chicago unions.

The three men involved, who, the police said, were among the 150 seized last week following the murder of two patrolmen seeking to arrest four bombers, not only were living off the unions but were double-crossed, it is claimed. Books, memorandums, letters, files and other matters, it is said, told how these men used the money collected as union dues to employ sluggers to intimidate members of their own unions and hold them in line.

Not content with the large sums collected, much of which was appropriated to their own uses, it was said members of the triumvirate also collected money secretly from the employers of union labor to settle strikes or under threats of calling strikes. Playing both ends against the middle — dominating their own unions by fear, employing sluggers to beat up those who refused to acknowledge their authority and bombers to intimidate employers — proved such a lucrative business, according to police, that the triumvirate itself was split by dissensions and jealousy at the time the arrests brought at least a temporary end to its career.

Meanwhile, attorneys for the eight men indicted in connection with the slaying of the two policemen were preparing to go into court tomorrow with demands for the immediate trial of their clients, who, they declared, were unfairly held. Reports that confessions had been obtained involving many of those under arrest continued but the police refused to supply details. Discovery that a large part of the dynamite used by the gangsters had been placed in or close to the cells of the imprisoned men and their conversations with their cellmates recorded.

The revelations so far are said to show the existence of a crime organization raised almost to the same standard of efficiency in combatting law and order as is the police department in combatting crime. Members of the "wrecking crew," it is said, were required to "pull a box" at stated times of the day the same as patrolmen in reporting to headquarters. That is, at stated intervals members of the gang were required to telephone to certain attorneys.

### AERIAL LIGHTHOUSE STARTS TODAY AT COLLEGE POINT

New York, May 14. — An aerial lighthouse, said to be the first permanent institution of its kind in America, will be inaugurated Monday at sunset at College Point, Long Island, at the mouth of Flushing Bay. The light will be a 14-inch high-power searchlight and will be shown from sunset to midnight.  
The rays will be thrown constantly to the north, according to an announcement today by those in charge of the service, until the approach of a plane, when the beam will be swung directly into the wind, which will enable the pilot to land without facing the light.

### AMERICAN Red Cross Soon Ends European Activities

(By The Associated Press.)  
Paris, May 14. — The American Red Cross, after eight years of work, during which it expended more than \$400,000,000, will close its main activities in Europe at the end of June. This announcement was made today by Dr. Ross Hill, director of foreign operations, who has just returned from a two-month survey of Europe, extending from Warsaw to Constantinople.

Dr. Hill said he believed there no longer was any need for American relief efforts in the war-affected countries. The welfare of the peoples of Europe was better than at any time since the war, due largely to American aid.  
"The American people," Dr. Hill continued, "may feel proud of their achievements in restoring the health and morale of the distressed populations of Europe. Their aid has left an enduring impression and millions of grateful hearts. While here and there individual groups may need assistance, the typical work of the American relief organizations now can be ended with credit to themselves."

"I find no tendency among peoples or governments to withdraw, but, on the other hand, every country requests that a surgeon temporarily be permitted to remain in order to make more certain the continuance of Red Cross work by the governments themselves. The Junior Red Cross will continue its work in such cases, in co-operation with the League of Red Cross Societies, of which Judge Payne is chairman."

# Baseball

## NATIONAL LEAGUE

**BROOKLYN BEATS CINCINNATI**  
Though Outlit More Than 2 to 1 Rob-  
ins Score 6-5 Victory.

Cincinnati, May 14.—High's home  
run, bounding into the right field  
bleachers in the seventh inning, pro-  
ved the chief factor in winning today's  
game for Brooklyn over Cincinnati.  
6 to 5. Cincinnati outbatted Brook-  
lyn more than 2 to 1, but had 11 left  
on bases.

**Brooklyn** . . . 0 2 0 1 0 0 3 0 6  
**Cincinnati** . . . 1 0 1 0 1 0 0 0 5  
Batteries: Huether, Mainaux and  
Miller; League and Hargrave.

## GIANTS WIN IN TENTH

**Champions Come From Behind and  
Defeat Chicago by 5-4 Score.**

Chicago, May 14.—New York came  
from behind today and defeated Chi-  
cago, 5 to 4, in ten innings. Jesse  
Barnes gave way to a pinch hitter,  
Cassidy, who replaced him, was wild,  
and Louie, the wildcat, was wild,  
forcing in Chicago's tying run in the  
eighth. New York had taken the lead  
in their half of the eighth. Messers  
double and a single by Shinnery sent  
in the winning run.

**New York** 0 0 0 0 0 1 3 0 5 12 0  
**Chicago** . . . 0 0 1 0 0 2 1 0 4 8 1  
Batteries: J. Barnes, Cassidy, Dou-  
glas and Snyder; Alexander and O'Far-  
rell.

## MEADOWS MUZZLES CARDINALS

**Phillies Win by 5 to 1; Williams Hits  
Safety Four out of Five Trips.**

St. Louis, May 14.—Meadows held  
the Cardinals at bay this afternoon  
and turned them back in the pinches,  
winning by 5 to 1 with the aid of Wil-  
liams, who hit safely four times out  
of five trips to the plate.

**Philadelphia** 0 2 0 0 0 0 0 3 5 14 0  
**St. Louis** . . . 1 0 0 0 0 0 0 0 1 6 0  
Batteries: Meadows and Henline;  
Pfeiffer, Walters and Clemens.

## AMERICAN LEAGUE

**YANKIES DEFEATED AGAIN.**  
Inability to Hit in Pinches Costs Hug-  
mound Second Straight Game.

New York, May 14.—Inability to  
hit in the pinches today cost the Yan-  
kees their second straight defeat at the  
hands of Detroit, 5 to 2. Pilleto was  
almost invincible in the pinches.  
Ward's single, Schang's triple and  
Ward's single in the second saved the  
New Yorkers from a boat of white-  
wash.

**Detroit** . . . 3 0 2 0 0 1 0 1 5 12 1  
**New York** . . . 0 2 0 0 0 0 0 0 2 8 4  
Batteries: Pilleto and Bassler;  
Mays and Schang.

## MOGRIDGE ALWAYS STEADY.

**Cleveland's Late Rally Fails to Over-  
come Early Washington Lead.**

Washington, May 14.—Cleveland's  
late rally failed to overcome the early  
lead set by the Nationals and Wash-  
ington took the third game of the  
series today, 4 to 3. Speaker used  
three pitchers against Mogridge, who  
was steady at all times.

**Cleveland** . . . 0 0 0 0 0 0 2 1 3 9 2  
**Washington** . . . 0 2 0 1 1 0 0 0 4 10 3  
Batteries: Edwards, Keefe, Soth-  
oron and O'Neil; Nunamaker; Mo-  
gridge and Gharrett.

## INTERNATIONAL LEAGUE

**Newark, 6; Rochester, 5.**  
**Jersey City, 9; Buffalo, 3.**  
**Reading, 2; Syracuse, 3.**

## EASTERN LEAGUE

**Pittsfield, 2; Albany, 1.**  
**Bridgeport, 6; Waterbury, 4.**  
**Hartford, 3; Fitchburg, 2.**  
**Springfield, 6; New Haven, 9.**

## JUNIOR BASEBALL LEAGUE

**Boosters Defeat Yanks in 10 Inning  
Contest and Cubs Wallop  
Methodists.**

Two games in the series of 16 for  
the championship of the Herriett  
Boys' League were played Sat-  
urday and resulted in victories for the  
Boosters and Cubs over the Yanks  
and Methodists respectively.

The Boosters-Cub contest went 10  
innings and was exceptionally well  
played. A triple by Kenneth Ham-  
mond and clever fielding on the part  
of L. Hammond and Paul Kane won  
the game for the Boosters in the 10th.

**The score:**  
Boosters . . . . . 12 0 1 1 0 0 1—7  
Yanks . . . . . 1 0 2 0 1 1 0 0—6  
Batteries: For the Boosters, Per-  
kins and Hooks. For the Yanks, Bates  
and Hale.

In the second game the Cubs were  
easy victors, trouncing the Methodists  
12 to 5. There was nothing to it but  
the Cubs.

**The score:**  
Cubs . . . . . 11 0 9 2 1 0 3 1—39  
Methodists . . . . . 0 0 0 0 2 0 1 0—5

## SATURDAY'S GAMES

**National League.**  
Chicago, 3; New York, 5.  
Cincinnati, 8; Brooklyn, 3.  
St. Louis, 6; Philadelphia, 5.  
Boston, 3; Pittsburgh, 8.

**American League.**  
Detroit, 8; New York, 6. (Thirteenth  
inning).  
Philadelphia, 7; St. Louis, 4.  
Boston, 3; Chicago, 1.  
Cleveland, 5; Washington, 4.

## STANDING OF THE TEAMS

**National League.**

**Won Lost P.C.**  
New York . . . . . 19 7 .571  
St. Louis . . . . . 15 11 .577  
Pittsburgh . . . . . 14 11 .560  
Chicago . . . . . 13 12 .520  
Philadelphia . . . . . 11 12 .478  
Brooklyn . . . . . 11 13 .450  
Cincinnati . . . . . 11 13 .450  
Boston . . . . . 7 16 .304

**American League.**

**Won Lost P.C.**  
New York . . . . . 19 10 .655  
St. Louis . . . . . 18 10 .643  
Cleveland . . . . . 14 14 .500  
Detroit . . . . . 13 15 .464  
Philadelphia . . . . . 12 14 .462  
Chicago . . . . . 11 15 .423  
Boston . . . . . 11 15 .423  
Washington . . . . . 11 18 .379

## TODAY'S SCHEDULE

**National League.**  
Brooklyn at Cincinnati.  
New York at Chicago.  
Philadelphia at St. Louis.  
Boston at Pittsburgh.

**American League.**  
Detroit at New York.  
Cleveland at Washington.  
St. Louis at Philadelphia.  
Chicago at Boston.

## LOCAL STUDENTS VICTORIOUS

**High School Independents Defeat Ho-  
bart High School Nine Saturday.**

The Oneonta High School Independ-  
ents, a baseball team composed of  
High school students but not repre-  
senting the school officially, won their  
first game of the season on Saturday  
when they defeated the Hobart High  
school nine at that village by a score  
of 9 to 5. Hobart made their runs in  
the first three innings on an assort-  
ment of errors but after the third One-  
onta tightened up and not a Hobart  
runner reached second until the last in-  
ning. Walter Burke twirled a fine  
game for the local lads, striking out  
11 men and allowing but few hits.  
Jesse for Hobart fanned nine men.  
Webb, catcher, featured for Oneonta.

**The score by innings:**  
Oneonta Ind. . . . . 1 1 0 2 0 3 0—9  
Hobart H. S. . . . . 2 2 1 0 0 0 0—5

## LOCAL RAILROADERS LOSE

**Although Outbitting Susquehanna Di-  
vision Team, Brodie's Susquehanna  
Divisioners Lose at Carbondale, 6  
to 4—Davis Had One Bad Inning.**

Although outbitting the Pennsyl-  
vania Division baseball team, Brodie's  
Susquehanna Division aggregation  
went down to defeat by a score of  
six to four at Carbondale Saturday  
afternoon in the first of a series of  
games for the championship of the  
Delaware and Hudson system. The  
teams were evenly matched but the  
breaks of the game were with the  
Carbondale outfit, "Lafayette" Davis,  
pitching for the York stagers, was in  
fairly good form for his first start  
of the season.

Oneonta drew first blood in the first  
inning when Gardner, first up, poled a  
hot grounder between third and short  
for a base knock, stole second and  
scored on Sinstack's ground single  
over the second sack. Two more  
runners were added in the sixth and  
ninth by Brodie's men on hits by  
Anselmont, Baker, Gardner, Boylan  
and Davis. Another score resulted in  
the seventh when White, batting for  
Brown, singled over second and scored  
on Davis' three bagger.

Davis started on the mound in old-  
time form, fanning the first two men  
to face him and making it appear as  
though the Susquehanna division team  
would have an easy victory. The  
defeat, however, in the third inning  
when the Penn boys scored four runs.  
Delvicio singled over second. Sinstack  
tried the same stunt but Tamsett  
made a pretty stop but was unable to  
get his man. Crane beat out a bunt  
between pitcher and first. With the  
bases filled and none out, the Oneon-  
ta rooters, who 150 strong had made  
the trip by special train, were won-  
dering if Davis could pull out of this  
hole as of old. Berry, next batter,  
hit an infield fly to Baker for the  
first out. Murphy, Carbondale pitch-  
er, and redoubtable hitter, next  
at the plate and he made himself  
famous by socking the ball for three  
bases, clearing the bases. While an  
argument was taking place relative to  
spectators on the playing field,  
Murphy stole home.

The Penn team scored again in  
the fourth inning after two were out.  
Connie doubled and went to third on  
a fielder's choice. Sinstack received free  
passage to first. Sinstack started free  
second and Sinstack used the short  
throw to second. Baker taking the  
throw and pegging home to catch  
Connie. The ruse would have worked  
had not Davis intercepted the peg  
with his head. It was a hard blow  
but Davis soon recovered and finished  
the game.

Anselmont of the Susquehanna Di-  
vision team won the batting honors  
with two doubles and a single out of  
four times at bat. Both teams fielded  
well.

## MORVICH WINS KENTUCKY

### DERBY AS 70,000 WATCH

Louisville, Ky., May 14.—Morvich  
won the \$50,000 Kentucky Derby  
late Saturday afternoon before a re-  
cord breaking crowd of 70,000 persons.  
Bet Mosie was second and John Finn  
third. The time was 2:04 3-5.

The great Morvich won as he pleas-  
ed and never was in danger of defeat.  
Jockey Albert Johnson shot Morvich  
into the lead, at the flag fall and re-  
tained it to the finish.

This was Morvich's first start as a  
three year old. He has never been  
beaten, having won eleven races as a  
two year old. Jockey Johnson never  
extended the horse during the pun-  
ishing mile and a quarter race. A  
great crowd swarmed around the vic-  
tor and Trainer Fred Burlew rushed  
to the front and patted him tenderly  
on the head.

Morvich won by two lengths from  
Bet Mosie, while John Finn was a  
head back of the first two horses. A  
\$2 ticket on Morvich in the pari mu-  
telles paid to win \$4.40.

The race was worth \$46,775 to the  
winner.

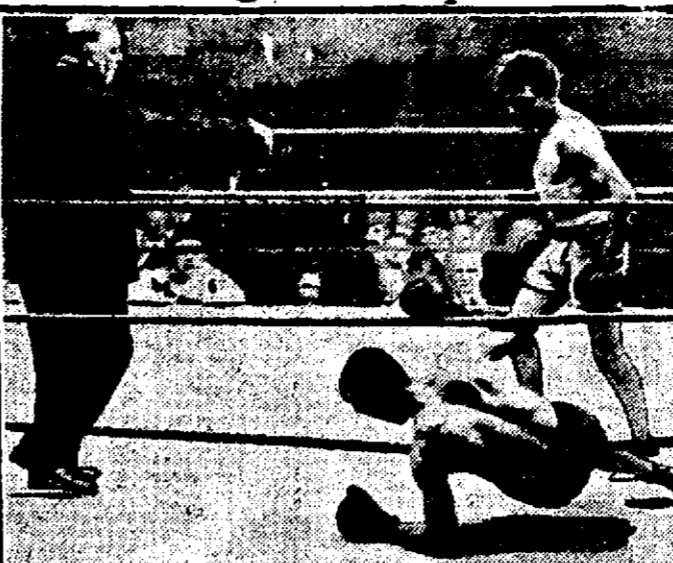

## O. H. S. Track Team Selected.

Cash Riley has picked the follow-  
ing track and field team to represent  
Oneonta High school in the inter-  
scholastic track meet to be held on  
the Fair Grounds on May 26: 100  
yard dash, Bush, Niles and Charles;  
220 yard dash, Charles, Monahan and  
Daley; 440 yard dash, Thayer, Mon-  
ahan and Lewis; 880 yard run, Rind-  
die, Brewster and Bush; running high  
jump, Tyson and Lewis; running  
broad jump, Tyson, Lewis and Mc-  
Guinness; pole vault, Hemstreet, Bou-  
ton and McGuinness; shot put, Nel-  
igan, Belsel and Eastgate.

## GEORGES RETURN UNNOTICED.

Paris, May 14.—Georges Carpen-  
tier, the world's light heavyweight  
champion pugilist, returned to Paris  
tonight from London, where last week  
he successfully defended his title  
against Tod (Kid) Lewis. The return  
of the pugilist was virtually unnoti-  
ced. Only a few personal friends were  
at the station to greet him.

## LeDoux Regains European Title

Charles LeDoux of France regained the bantamweight title of Europe when he knocked down Harrison, England, 15 times at Liverpool. Here you see Harrison down for the fifteenth time.

## STEEL MERGER IS MARKET STIMULANT

**Reactionary Tendencies Suddenly  
Checked on News of Lack-  
wanna's Absorption**

New York, May 14.—Reactionary  
tendencies in the financial markets be-  
came more clearly defined the past  
week, but the reversal was suddenly  
checked on news of the prospective  
absorption of the Lackawanna Steel  
company by the Bethlehem Steel cor-  
poration.

Details of this deal have not been  
disclosed, but the bare announcement  
caused advances of 5 to 15 points  
among many of the independent steel  
shares, with Lackawanna leading.

Equipment, motors and other in-  
sues closely related to the steel and  
iron industry shared in the rebound,  
rumor in several instances associating  
their advance with ambitious merger  
plans.

Industrial conditions were more  
hopeful, save in the sections affected  
by the coal strike. Car loadings  
gained, crop prospects in the west and  
northwest were highly encouraging,  
and money rates imposed no restraints  
on call loans again relaxing to 3 1/2  
per cent.

Sterling bills were at their highest  
levels in three years.

Public offerings of new bonds in the  
local market last week exceeded \$116-  
000,000, as compared with approxi-  
mately \$120,000,000 the week before.  
and the year's record of nearly \$240-  
000,000 for the week before that.

Changes last week were irregular, es-  
pecially among the speculative rail-  
road issues, but they hardened some-  
what at the end in the rising market.  
Government bonds showed little  
change.

## TO FIGHT BOGUS MILK

State Commissioner of Foods and Markets Says Law Will Be Enforced Against "Bogus Milk" Manufacture.

In reply to some interesting statements made recently regarding the enforcement of the "filled milk" law, recently enacted in New York state, which has been asked by members of the Wholesale Grocers' Association, the Hon. Berne A. Fryke, State Commissioner of Foods and Markets, says that it is the intention of his department to firmly enforce the law against the further manufacture and sale of "bogus" milk. He added that the state did not intend to make this enforcement oppressive so far as it concerns the immediate disposition of the dealers at the time of the passage of the law.

Passage of this law was strenuously advocated for two years by the farm organizations of the state, foremost among which was the Dairyman's Co-operative association, with its 70,000 milk producing farmers. In New York City the New York Federation for Women's Clubs, numbering 300,000 members, made a comprehensive survey of the health conditions among its 1,700,000 children and prepared some interesting facts to the State Legislature bearing upon the detrimental effects resulting from the increasing consumption of imitation milk, especially among the under-nourished children of the poorer classes and the foreign-born. As a result of nation-wide advertising, the sales of "filled milk" had increased from 12,000 pounds in 1915 to \$4,000,000 pounds in 1921. Consumers were being told that it was just as good as the real article and were being charged almost as much for it as for real milk.

The passage of the law was a constructive accomplishment of the farm organizations, supported by the Federation of the Women's clubs and the public in general, solely in the interest of the public health in the more congested centers of the state's population.

Similar laws have been passed in New Jersey, Maryland and other states. A bill known as the Voigt bill is now pending in congress prohibiting "filled milk" in interstate commerce, and will be brought up for passage within a short time.

## FAVOR EARLY DENT CORN

Yield Better Than Flint for Grain and Silage — Late Season Means Large Acreage.

Ithaca, May 14. — Tests for corn varieties conducted by the plant breeders at the state agricultural college here are said in a statement given out today to be of particular interest to New York farmers this spring. Because of the lateness of the season, specialists predict a larger acreage of corn than usual this year, both for silage and grain.

Tests during the past two years indicate that early dent varieties will yield more sound grain to the acre than will flint varieties except on high elevations, and even at 800 feet or more early dents give greater green tonnage to the acre. The college says that this year there is a large supply of extra good quality seed of some of the early dent varieties, particularly Cornell II, Onondaga White Dent, and Oil Dent. It advises the planting of corn as early in May as the soil can be put in condition, especially if grown for grain.

## Tests Prove Dents Better.

The two years' tests conducted by the college show that although some dent varieties do not yield as great weight of husked ears as some flints, the actual yield of shelled grain when dried was larger. This result is attributed to the early maturity of the dent varieties, which include the three varieties mentioned, Webber's Early Dent and Alford's White Cap Dent. These were compared with Hall's Golden Nugget (Sei) and an eight-rowed flint corn. In all cases the average yield from eight separate tests proved that the dents yielded more dry shelled corn from the same weight of ears than the flints, and that they also yielded more shelled grain to the acre.

The test for silage was made in Madison county at an elevation of about 1,300 feet. It showed that the dent varieties contained more grain to the acre, were better matured and more digestible, pound for pound, than the so-called silage corn. Although the average yield of six early dent varieties was about six tons less in green weight than that of six ensilage corns, the dry weight of the dents was only about one-half ton less to the acre than that of the ensilage varieties. The college points out that it was necessary to handle about six tons in green weight of the later-maturing sorts to gain the added half-ton of dry matter from them.

## FARMERS' CONCERN QUITS.

Large Co-operative Buying and Selling Agency Asks Dissolution.

If Circuit Judge Arthur Webster of Detroit on June 5 grants the petition of the Gleaner Clearing House association that it be dissolved, the largest farmers' co-operative buying and selling agency in Michigan and one of the most important of its kind in the United States, will pass out of existence, says a dispatch from Detroit, Mich.

The association filed its petition for dissolution April 13, declaring that although its assets were considerably higher than its liabilities the present prices of farm commodities were so low and the future outlook so uncertain that it is believed it would quit business "in fairness to creditors."

Total assets were placed at \$719,020.61 and liabilities at \$446,745.37. Charles E. Talbot, Detroit banker, was named as temporary receiver for the organization.

The association, organized in March, 1907, became one of the most notable organizations of its kind, numbering among its membership a large percentage of the farmers of Michigan. From the outset the function of the association was to handle the products of large quantities needed by farmers, and in turn to handle the products of the farm in large volume.

The association maintained more than a score of grain elevators and warehouses in different parts of the state.

The organization, according to its officials, enjoyed a steadily growing business until the slump in the price of farm commodities came after the war.

The association failed to show profits after that time, it was explained.

Certain of the elevators owned by the association still are in operation and will be continued until they can be sold.

## EIGHTEENTH AMENDMENT

Myron Spaulding's Record Revised by Police Saturday.

Myron Spaulding's police court record received its eighteenth amendment Saturday, when he was arrested on Market street at 10:45 p. m., for public intoxication. Spaulding's arrests for that crime have now reached the number of the constitutional amendment which theoretically at least should make it impossible for him to become inebriated. He will explain his disregard for the law to City Judge Huntington this morning.

Frank Anable, a farmer residing on the Plains, also got into the police toils Saturday night when Officers Crouch and Jones found him lying dead to the world in McFee and Borst's lumber yard. He had lost all power of self locomotion and a truck had to be commandeered to get him to headquarters. Anable was released in a \$250 bail yesterday for an appearance in city court this morning on a public intoxication charge.

## BOYS' AND GIRLS' CLUB NEWS

400 Boys and Girls Enrolled in Club Work in Delhi County.

Delhi, May 14.—(Special).—J. A. Lennox, county club agent, makes the following report which is of interest to people of Delaware county. There are 400 boys and girls in organized clubs that are now holding regular meetings and making large plans for the future. From present indications, at least 500 boys and girls will enter this work before the time of starting is past.

Of the 21 mass meetings, one of which was held in every township of the county, there was an average attendance of 123. Besides this, Mr. Lennox has visited personally 100 of the larger schools and discussed the work.

Plans are now being made for the summer meetings and school fairs to be held in the fall.

## RECTIFICATION.

If a device is placed in an alternating current circuit which has very high resistance to the flow of current in one direction, but a comparatively low resistance to current flow in the opposite direction, the current will be changed from one which flows in two directions alternately to one which flows in but one direction periodically. The action can be compared to a valve in a water pipe which opens when the water is forced against it in one direction, but closes when the water starts to reverse its direction of flow. Although the pump might exert a pressure in the two directions alternately, the water could only flow in one direction. It is assumed, of course, that the valve has no elasticity.

In the case of the electrical device we have what is called "rectification" of the alternating current because, although the current only passes in one direction through the device, it does periodically increase and decrease in strength. Such a device is called a "rectifier" and can be used to charge a storage battery. In the case of the radio circuit the device may be used to rectify the very high frequency oscillations (alternating current) in a receiving circuit, so that an indicating device may be made to function. In this case, however, the rectifier used for storage battery charging will not operate because it usually requires more current than is to be had in the receiving circuit.

It has been found, however, that certain minerals possess the property of electrical rectification and can be operated satisfactorily in receiving circuits. Galena, silicon and carborundum are examples of mineral rectifiers. Suppose that a piece of galena is connected into a receiving antenna system in such a manner that any current which flows in the system must pass through the galena. If current readily passes from ground to top of antenna, it will be very greatly hindered or stopped when it tries to flow in the opposite direction from ground to top of antenna. The oscillations are then rectified, and instead of high frequency oscillations, we have high frequency pulses or spurts of direct current in the antenna system.

A Herald-Sun Feature.

## THE REASON FOR HIGH RESISTANCE RECEIVERS.

Those who have purchased head telephone receivers or who have contemplated doing so have probably wondered why the high resistance phones were considered more sensitive than those of low resistance. As a first thought it would appear that high resistance is the very thing that should be avoided. The pull on a receiver diaphragm depends upon the strength of the magnetism at the poles (or ends) of the magnets. This magnetic strength, or pulling power, depends upon the current flowing through the magnet windings and the number of turns of wire in the windings. Usually the current passing through the windings is very weak, and not much pulling power would be produced if only a comparatively few turns of low resistance wire were used. A large number of turns of low resistance wire would occupy more space than would be conveniently available because the low resistance wire would necessarily have comparatively large diameter. If finer wire, say around No. 40, were used, considerably more turns could be wound upon a magnet.

size bobbin. And it is a large number of wire turns which is necessary, since the current is very weak. But the more turns which are wound on the bobbin the higher the resistance of the magnet windings. So high resistance windings mean more sensitive receivers, not so much because of the resistance itself but because of the increased number of turns of wire. It will not do, therefore, to use wire of high resistance, such as German silver, and receivers would "run" each wire are just about useless. The wire should be copper of good conductivity.

It is often said that high resistance receivers should be used with high resistance detectors, such as crystals and vacuum tubes. This is because a high resistance detector cuts down the current strength and makes necessary, therefore, many turns of wire in the magnet windings to procure the required magnetic strength or pulling power. If a low resistance detector were used more current would flow in the circuit, other things being equal, and a lesser number of turns would be satisfactory.

## LATEST VICINITY NOTES

Brief Items of Interest to Star Readers in Otsego and Nearby Counties.

Allen Bleekman, while attempting Thursday last to throw a belt off from a rapidly revolving pulley in his saw mill at Sprout Brook was caught in the pulley and sustained a broken collar bone, a badly wrenched arm and several bruises. He was unconscious for two hours, but is now on the way to recovery.

A copper boiler, 80 gallons of mash and much moonshine whiskey were seized in a raid by Chenango county officials Friday night on the premises of C. Amos Bowers at South Oxford. Bowers was arrested and held on \$1,000 bail.

The Sir Knights of Norwich commandery have been invited to Coopers town to assist in conferring the orders on a class of about forty on Wednesday of this week.

The first prize winner in the Anti-Tuberculosis poster contest in Delaware was Clinton Sprague of Trout Creek, with a bona fides of Davenport second. Eight other lower prizes were awarded.

District Attorney Truesdell, representing the people, and Attorney David F. Lee of Norwich are preparing for the arguments in the appeal in the Herbert W. Smith murder case, which will be heard at Albany the latter part of the present month.

The Delaware county Farm Bureau now has about 1,250 members, and it is hoped to increase the number to at least 2,000.

A series of spring rallies will be held in Delaware county May 18-19 and 22-26. Miss Jennie Jones, assistant state leader and executive, will speak at these meetings. Miss Anna Binzel, child specialist, is scheduled for a meeting in Deposit June 2.

Rev. W. T. A. Webb of the Methodist church at New Berlin is a fisher for fish as well as for men, and not less successfully. One day last week he captured two brook trout in the Wharton creek, 15 and 14 inches long and weighing 2 pounds and 1 lb., 13 ounces respectively.

The bathing establishment and Spring park in Richfield Springs have been leased by a syndicate and five of the leading summer hotels and the New York Sunday papers carry the announcement that the bathing and park will be operated for the exclusive use of the guests of these five houses. The Mercury states that the park will be wire fenced, patrolled and that the regulations will be rigidly enforced. The usual Wednesday and Saturday evening hops at Bloomfield, it is also stated, will be under the auspices of the five hotels, and admission will be by tickets only.

The old stage coach which for many years operated between West Winfield and Richfield Springs has been shipped to Buffalo to be used in a parade in which the mayor of the city will enter in state, as he did in the long ago.

The Bloomfield, Berkley-Waltona, Kendallwood, and Tuller hotels and the Carey Cottages at Richfield Springs will be operated on Daylight saving time this season. This is for the convenience of the city guests and is irrespective of what the village may vote at the special election on Friday of this week.

Lester W. Clark, for fifteen years on Rural Route 3 from the Walton postoffice, will be retired on pension

on July 31. At a later date a Civil service examination will be held to fill the vacancy.

About \$1,500 has been raised for support of the Walton club the coming summer. It is hoped to raise at least \$2,000 for the purpose.

George Y. Trez of Cook's Falls has bought the acid factories at Fish Eddy and Arkville, with all equipment. About 3,400 acres of woodland also go with the factories.

In all twenty-two cases of typhoid fever have lately developed at Walton, along with five or six more persons all whose malady has not yet been accurately diagnosed. Investigation by the local and state health department appears to have established the presence of a typhoid carrier on a farm which has been supplying milk to one of the local dealers.

Only three prisoners have of late been confined in the Delhi jail—two elderly men serving short sentences for minor offences and one younger man under indictment for transporting some home brew from one farm house to another.

Lena and Myra Frink, sisters aged 15 and 16 years respectively, are missing from their home at Rockwell's Mills and search is being made for them in near-by cities and villages. They are daughters of E. M. Frink, a blacksmith, and disappeared April 29, when they bought tickets for Rockledge but it is understood continued to Sidney.

Farmers in the vicinity of Ithaca, four miles west of Chenango Forks, think they have found a fortune. They have the word of experts that there is oil in the vicinity, and they have leased 3,000 acres, formed a company capitalized at \$100,000 and are putting down a test well.

Ada Jones, a prominent musical comedy star, died a short time ago in a North Carolina hospital after a sudden illness. Many in Oneonta will recall Miss Jones, who appeared in this city about a year ago.

At a recent meeting the stock of the Beechnut Packing company of Canajoharie was increased from \$3,000,000 to \$7,000,000.

### WHAT'S IN A NAME?

"What's in a name?" is a question asked by Shakespeare, with the addendum that "a rose by any other name would smell as sweet." Just at present, however, the name which most seriously is being sought after is neither for fragrance, charm or any amiable quality. It is a proper title whereby to designate the reckless motorist, the same being for the careless and indifferent driver what the commonly accepted "jay walker" is for the reckless pedestrian. In order to inspire the thought, the American Automobile association lately offered a modest prize in gold to the person who should forward to that organization what by a committee of prominent citizens of Washington should be accepted as the most satisfactory and expressive name.

More than 5,000 persons have sent in suggestions, and a considerable number more have expressed their regret that the postal regulations do not permit the full expression of their sentiments. However, enough good names have already been suggested to make it probable that a pertinent and satisfactory name will be suggested before the contest closes, which by the way will be this evening.

There is no question that the changed conditions of the times make the coming of new words necessary. Dictionary-makers recognize this and mean to keep abreast of the times without the great expense attendant on the entire resetting of the thousands of pages which would be necessary in order to bring the volumes even measurable up to date. For an instance, the new radio activities have produced a vocabulary of their own which no dictionary has been able to catch up with. The words, none the less, are accepted as proper part of the language; and it is probable that the Washington committee, which by the way, is to report with no undue delay, will be able to get on a word which in a single mouthful will express all the loathing and contempt which the average citizen feels for a reckless and indifferent driver of a motor car. Should his choice be acceptable, the press at least will be grateful, since it will go to the shortening of sentences and the lengthening of lives.

### LESS UNEMPLOYMENT.

President Harding's conference on unemployment, through its secretary, Edward Byre Hunt, issues the following satisfactory bulletin concerning the increase in employment through the United States:

"From all figures available," it says, "employment is showing a steady and sustained gain. April reports are the most encouraging of the year and clearly indicate the upward trend of industry and business.

"Based on returns from the United States Employment service, April has shown the greatest gain of any month in 1922. For every 100 jobs listed during the month there were 150 applicants, as against 152 in March, 265 in February, and 226 in January. This is a decrease of 33 per cent in the number applying for work, during the first four months of the year.

"In April, 55 applicants for employment were placed for every 100 registrations, as against 45 for March, 41 for February, and 38 for January—a gain of 42 per cent."

These figures cover reports from 34 states and the District of Columbia and include the principal cities.

### AGONIAN BANQUET.

Seniors Are Guests of Juniors at Banquet Saturday.

The Juniors gave the Seniors a banquet at Kilkenny's at 7 o'clock Saturday evening. Miss Henrietta Durkee was toastmistress and Miss Alden, the librarian, was guest of honor. The banquet was given without the usual long preparation and was a most enjoyable affair. "We went to have a good time and chat for a while," say the girls, "and we did not have any long winded speeches."

### Watching the Early Birds.

Eleven members of the local Burroughs club assembled at 5:30 Saturday morning for the purpose of surprising the birds, traditionally out for early worms. The party met by appointment at the new concrete bridge in Wilber park, and after a pleasant sojourn in that vicinity proceeded east along the ridge and finally emerged on Main street, coming from Wilber glen at East End. The zealous ornithologists identified no less than 36 different varieties of feathered folk in lowland, upland and glen, and altogether enjoyed several very delightful and instructive hours.

### Attend Luther League Meeting.

Mrs. H. P. Whitworth, Mrs. Harry Stiles, Mrs. W. Landmesser, the Misses Pearl and Gustie Lawson and Herman Briele will represent the Church of the Atonement in Oneonta at the annual convention of the Luther League of New York state in Albany. The convention begins today and continues Tuesday and Wednesday, the meetings being held at St. John's Lutheran church. Several of the delegates from Oneonta departed Sunday afternoon, and the remainder will follow this morning.

### Representative Garrett's Wit.

Representative Garrett, of Tennessee, scored on wit recently, a target seldom hit in house debates. A new and artless member asked him if the committee on rules, of which Mr. Garrett is a minority member, was not reporting out many rules. "The committee," Mr. Garrett replied, "reports out rules; we Democrats are the innocent bystanders."—[New York Herald.

## COMMENTS OF THE PRESS

### Doing Our Bit.

The apparent failure of the Genoa conference indicates the wisdom of President Harding's decision to keep America out of it. Notwithstanding the flaccid, we still occasionally hear the lamenting of those who complain that America has deserted Europe, and the assertion that it only "the United States had agreed to loan money to the continent" all would now be well.

What nonsense! The New York banks report that Americans are financing Europe at the rate of \$100,000,000 a month. These foolish souls who are insistent upon the United States government's becoming actively identified and intimately associated with European conferences, commissions and other organizations that would entangle it with European affairs, argue that not to do so constitutes an economic desertion of Europe at the time she needs financial help to place her on her feet.

It is further argued that unless this financial aid is extended the economic reconstruction of Europe will be seriously postponed, if not altogether prevented.

The best, because it is the most conclusive, answer to the charge that the United States has deserted Europe in her hour of economic distress is the record of the New York loan market. This record shows that Europe, in common with the rest of the world, is being financed by Americans.—[Harrisburg Telegraph.

### Gasoline Enough for Many Years.

Sir Henri W. A. DeLidring, head of the Royal Dutch Shell combination and boss of the Russian and other oil wells, is said to be the most powerful, best informed man in the oil business of the world. Among other things the international oil man says there is enough oil underground to supply gasoline and fuel for ships "for centuries to come." Mexico is one gigantic oil field—nobody has any conception of the oil wealth under the ground there.—[New York American.

### Non-Interference in Mexico.

The vigor of the state department's denial of the charge made in "The Nation" by Henry G. Alsberg, that the United States is attempting to take control of the internal affairs of Mexico should serve to silence those trouble makers who seek by misrepresentation to stir up hostility between nations.—[New York Tribune.

### She Has Sympathy!

At a banquet given this week, in the palace at Brussels, to King George and Queen Mary of England, King Albert, of Belgium, in a speech of welcome, stressed his country's need for reconstruction. King George, in reply, declared that Belgium would always have the sympathies of the British empire which would be beside her in the world war.—[Scranton Republican.

### A Prolonged Start.

The New York "wets" announce that they are "just beginning" to fight prohibition.

Then who was it fighting prohibition last year and the year before? We received the impression some way or other, that the "wets" have been fighting prohibition ever since the campaign of 1880, when Kansas went "dry." Maybe it wasn't the wets. Possibly it was the Sons and Daughters of Temperance.—[Kansas City Times.

### TYPHOID CARRIER AT WALTON

Twenty-Two Residents Now Suffering the Disease in That Village.

New cases of typhoid fever which have developed this week bring the total number in Walton who have the disease to twenty-two. In addition there are six or eight more cases of illness in which the symptoms of typhoid have not yet developed sufficiently to make a final diagnosis.

A laboratory report received Saturday by Dr. C. S. Gould, town health officer, from the state department of health definitely establishes the presence of a typhoid-carrier in Walton, and the distribution of milk from this source has been stopped. This dairy was formerly supplying milk to Smith Goodrich who discontinued receiving the supply on April 26. As the period of incubation of the germs is seldom longer than three weeks, it is believed that the peak of the epidemic has been passed.

Numerous instances of typhoid carriers have been traced by health authorities in recent years. These persons carry the germs of the disease in their system and an examination of all the cases of typhoid in Walton in the past fifteen years seems to establish the fact that most of them are traceable to infection from the same typhoid carrier. The man will be kept under supervision and required to refrain from handling food supplies from which contagion may be spread.—[Walton Reporter.

Your Record Keeper is no longer able to extend the courtesies he has in the past and your dues must be paid within the time prescribed on the face of the receipt. If you have not paid April dues, do so at once, as tomorrow may be too late. We are going to how to the line each month so watch your step. L. D. Slade, R. K. advt. 3t.

## ENTHUSIASTIC C. E. RALLY

TWO HUNDRED DELEGATES ATTEND 1922 CONVENTION AT WEST ONEONTA SATURDAY.

Interesting Sessions, Morning, Afternoon and Evening, Make Up One of Best Conventions Ever Held in County—J. H. Woodward of Oneonta Chosen President for Ensuing Year.

One of the largest and best Christian Endeavor conventions in the history of Otsego county was held in the Free Baptist church at West Oneonta Saturday, 300 delegates registering.

This was a one-day convention instead of the usual two-day meeting, and it proved to be a great success, nearly 500 delegates being present at the opening of the morning session.

A very interesting and helpful program had been planned by Mrs. A. W. Wildgrube of Oneonta, county president, and nearly everyone on the program was there to take part.

The delegates were warmly welcomed to West Oneonta by Miss Irene Hotchkiss, Lowell Harrison of Milford responding.

The addresses of the morning were centered on the Great Goals in the Four Square Campaign. Dr. Dwight Hanna, speaking on "Loyalty to the Church," interpreted the word "loyal" as meaning that we should stand by our commanding officer and do our best to help carry on the work regardless of personal feeling.

Miss Luella VanDusen of Gilbertsville spoke on "Religion in the Home," explaining that it was here the right quality of religion in the home that same quality would emanate to others.

Mrs. VanNort of Cooperstown gave a fine talk on Graded Christian Endeavor, showing how the work could be graded so as to interest all ages. She was ably assisted by a lively delegation of Cooperstown Intermediates and Juniors, who showed their enthusiasm by giving rousing C. E. yells.

The balance of the morning session was devoted to hearing reports from the county officers and the appointing of special committees.

The committee on nominations reported as follows:

### County Officers for 1922-1923.

President—J. H. Woodward, Oneonta.

First Vice President—N. Harold Scott, Milford.

Second Vice President—E. Lester Townsend, Oneonta.

Secretary—Jessica Taber, West Oneonta.

Assistant Secretary—Fannie Hubbell, Oneonta.

Treasurer—J. D. Bulson, Worcester.

Counselor—Dr. Dwight Hanna, Gilbertsville.

Junior Superintendent—Mabel Beadle, Goodrich Lake.

School Citizenship Superintendent—Irving Whitney, Oneonta.

C. E. World Superintendent—E. L. Townsend, Oneonta.

Prayer Meeting Superintendent—Harold Scott, Milford.

Social Superintendent—Mrs. L. S. Darling, Oneonta.

Press Superintendent—Henry Bunn, Mt. Vision.

Missionary Superintendent—Mrs. A. W. Wildgrube, Oneonta.

Editor—Mrs. C. G. Eldredge, Oneonta.

Quiet Hour Superintendent—Miss Luella VanDusen, Gilbertsville.

Lookout Superintendent—Scott Gage, Morris.

The ladies of the First Baptist church served dinner to all the delegates and visitors.

### The Afternoon Session.

During the afternoon session the county budget of \$300 was quickly raised in an original manner with the use of a thermometer by Scott Gage.

The principal speakers of the afternoon were Miss Maudie Bingham of Bingham, who spoke on "The What and Why of Christian Endeavor Efficiency," and R. E. Rugen of Schenectady, the state good citizenship superintendent, who talked on his department and then held an open discussion on the problems that Christian citizens meet.

The other speakers of the afternoon were local Endeavorers, who gave helpful thoughts on different phases of Christian Endeavor work. The different addresses were interspersed with singing led by Miss Maudie Bingham, also solos by Fannie Hubbell and Clive Miller.

At 5:30 the convention held a recess and the different societies, each carrying their local banners, took part in a parade, singing songs and giving their society yells. As they returned they gathered on the church lawn and, accompanied by music, sang "Living For Jesus," the words of which were written by Miss Maudie Bingham. The parade was under the direction of the county good citizenship superintendent, Irving Whitney.

### Banquet in Evening.

At 5:30 all gathered in the dining room and enjoyed a banquet prepared by the Ladies Aid society. Miss Sarah Johnson acted as toastmistress, the toast being given on C. E. Radio, J. H. Woodward speaking on Broadening, Henry Bunn on the Message, and Esther Sherman on The Receiver. The cheers and songs by the different societies created a great deal of Endeavor enthusiasm.

Rev. D. H. Woodward of Edmeston led the evening devotional services.

## Held in \$500,000 Bond Theft

While booking passage for Europe, Mrs. Bertha Vardaman, concert singer, and her husband, John (below) were seized in connection with a \$500,000 bond theft from the Chase National Bank, New York. Arthur F. Chase (above), former employe of the bank, also is held.

followed by the installation service. Dr. O. C. Tarbox, in his address to the county officers, urged them to be unwavering in their loyalty to the church and to use their influence to promote the reading of good literature.

The committee on the Workers' Library reported that Springfield Center had won the prize for having the largest number of delegates at two sessions. Cooperstown Intermediate society won the pennant for travelling the most number of miles, and Springfield Center won in the Loyalty to the Church contest.

Dr. M. C. Miner, pastor of the convention church, who is a returned missionary, sang two songs in the Bengali language. The speaker of the evening, Rev. J. D. McGregor, Binghamton, spoke on "Efficient Service for Christ." He well defined efficiency as a producing of results, and to do this you must make Christ's cause your own. God may not always let us see the results, so we should have our eye fixed on Christ, rather than on results. He used as illustrations the lives of Judson, Carey, Livingston, Keith Faulkner and others.

The convention adjourned to meet with Gilbertsville on 1923.

New York City Chief of Police Says: Have your car monogrammed as it helps to locate stolen cars. We can put on your monogram while you wait. Gold leaf letters for 25c. L. D. Brown, VanWie block, Dietz street. Phone 21-J.

Fashion Shop: Special sale on silk dresses at \$12.98. Formerly sold for \$25 to \$28, sizes 16 to 18. Also white Gold skin at \$2.98 and \$3.50. Eve Munson, 178 Main street. Up stairs. Look for sign over sidewalk advt. 2t.

### DRIVES CAR INTO CURB

Grant Mills Faces Reckless Driving Charge After He Drives Car of Arthur Costello into Curb While Attempting to Make Turn at High Speed.

The Buick touring car of Arthur Costello, which came uncashed through the automobile accident of Saturday afternoon at Colliers, did not have such good fortune last evening and is at the Prospect garage with a badly broken rear wheel while Grant Mills, who drove it into the curbing on Grand street at the end of Fair, is in the city jail charged with reckless driving. He will be arraigned in city court at 10 o'clock this morning.

According to eyewitnesses the car, with Mills at the wheel and carrying a load of eight or nine young men, came down Fair street at about 8 o'clock last evening at a rate of speed estimated by onlookers at nearer 50 than 15 miles an hour. When he reached the intersection Mills attempted to turn down Grand street toward Prospect but was going so fast that he could not completely make the turn and the rear end of the car crashed into the curbing on the far side of the street, driving the axle through the curb, crushing the latter.

Not daring to face the music the occupants made a getaway as soon as they could get out of the car and by the time the police arrived all had vanished, leaving a crowd of spectators to tell what had happened. An information was laid against Mills for reckless driving and signed by an eyewitness and a warrant for his arrest was issued and served. He was placed in the city jail to await arraignment this morning.

Fine Job Printing at the Herald Office

For by means of that magic figure 8 in the 1900 Cataract Electric Washer, the water is forced back and forth through the clothes in a figure 8 movement four times oftener than in the ordinary washer—which means that you are through washing much quicker. This figure 8 motion is an exclusive feature.

Other remarkable features, too—the smooth copper tub will not cause wear and tear on the clothes, for there are no parts to rub against them, or to be lifted out and cleaned after the wash is finished. And the swinging reversible wringer which also works electrically saves many steps.

Try a 1900 Washer. We'll deliver one right to your home. See what it will do. Pay for it on terms to suit your convenience.

Call, phone, or write.

1900 CATARACT WASHER

## BUSY MONEY

The Mutual Life received from policy holders in 1921 the sum of \$91,379,889, and paid to policy holders and their beneficiaries the sum of \$95,239,239, which was \$3,859,350 more than it received from them. How busily this vast inflow and outflow of dollars worked, the following interesting figures show:

(In 302 working days of eight hours each)

	Received from Policyholders	Paid to Policyholders	Or an Excess of Payments to Policyholders
Every second . . . .	\$10.51	\$10.95	\$0.44
Every minute . . . .	630.38	657.00	26.62
Every hour . . . . .	37,822.81	39,420.22	1,597.41
Every day . . . . .	302,582.45	315,561.72	12,979.27
Every week . . . . .	1,757,305.75	1,893,228.52	74,216.07
Every month . . . .	7,611,921.57	7,956,603.23	321,611.66
From January 1 to December 1, .	\$1,379,889.89	\$95,239,239.78	\$3,859,350.95

## Poor Richard Said ----

"A penny saved is a penny earned." In his day, pennies were as large as our quarters. Yet all the pennies in the world wouldn't have taken Poor Richard to a movie; bought him a flivver, or paid his street car fare. The pennies of a hundred years ago were not as big in buying power as those of today.

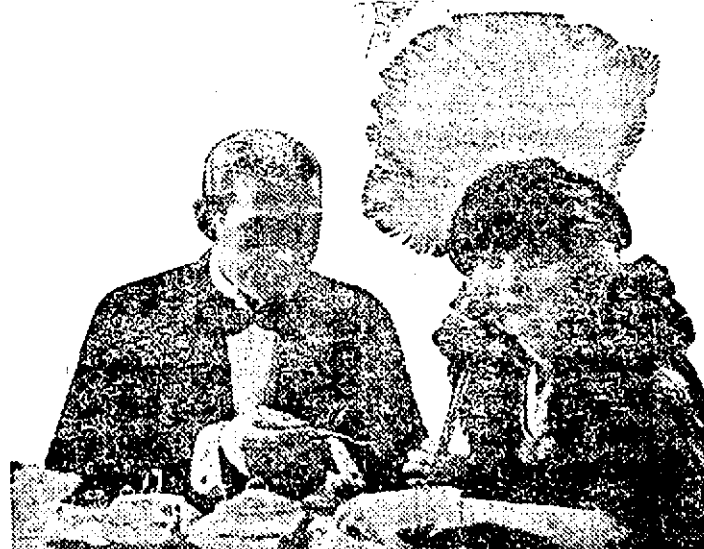

But Poor Richard's advice is still good. And it is no less valuable when applied to dollars instead of cents.

Every year you spend a large proportion of the money you earn. So much for clothing. So much for shoes. So much for things to eat, house furnishings, garden seeds, tools and what not.

There's just one way to save money in making your purchases. Know what you want before you buy. Read the advertisements.

They tell you what is new and good. They tell you where and when to buy to best advantage. They help keep you posted on what the stores and manufacturers are offering.

Make the advertisements serve you well.  
Read them regularly.

The Four Horsemen of the Apocalypse coming to Hathaway's New Oneonta theatre three days commencing Thursday, May 18th. Shows daily, 8:30-7-9 P. M. Anybody—Any Seat—Any Show 28c.

## LOCAL MENTION.

—Watch the little ads of the Oneonta Automobile club.

—Mrs. H. J. Manning of Maple street has sold the house and lot at 25 Pine street to Samuel J. Richards, who has already taken possession as a residence.

—One of the largest catches of trout this season was exhibited at The Star office last evening. The catch comprised 61 trout measuring from 7 to 15 inches and attested the skill as fishermen of A. VanBramer, B. B. Stebbins and E. E. House.

## MOTHERS' DAY IN ONEONTA

Services in All Churches Had Special Reference to Day—Other Forms of Observance.

In all the churches of Oneonta, as citizens generally are aware, there was fitting observance of Mothers' day at the services of Sunday. The pastors, taking various texts and giving various titles to their discourses, none the less spoke on the general theme of Christian motherhood and of the obligation which one and all rightfully feels to her whose love and early teachings have remained as the finest memories of a lifetime. The hymns, also, of the day were appropriate to the general subject of the addresses.

To a greater extent than ever before, it is believed, was there floral observance by individuals. Early on Saturday every carnation which the local florists had in stock, in number probably exceeding five thousand, had been sold, and many orders telegraphed to Binghamton, Albany, Troy, Kingston and Scranton brought one reply—that all had been sold and there was no possibility of securing any more. For lack of carnations buyers turned to other flowers, and roses, chrysanthemums, violets and every other suitable blossom was disposed of, but even with these as final resources many were disappointed. The lack of a flower upon coat or dress, therefore, was no evidence of lack of appreciation of the day and of her whom it was designed to honor, but rather of a more universal desire than ever before to pay such honor.

## Meetings Today.

All persons taking part in the performance of the Taming of the Shrew must be present at rehearsal at K. of C. club rooms, over Laskaris store, at 7:30 this evening.

Be sure and hear Elks' Glee club at Laurens Methodist Episcopal church Wednesday evening, May 17. advt 11

One four-passenger roadster; splendid condition; six cylinder; better buy it today. The Francis Motor Sales company. advt 21

## SOME SAFETY SUGGESTIONS

This Is Children's Week and Today Safety Day—Following Hints Should Be Observed by Children Using the Streets of the City.

In the program for Children's week, which commences today, Monday has been designated as Safety day, and the following suggestions made by Norman A. Boyd, commissioner of public safety in Binghamton, and designed for distribution among the children of that city, are worthy of like attention in Oneonta. With the multiplicity of motor cars, there are increasing dangers in the use of the public streets, and school teachers and parents could well bring them to the attention of all children:

There is scarcely a man, woman or child in any city of the land who has not heard or seen the words "Safety First." In railroad trains and trolley cars, on street signs, auto trucks and in the daily papers this message of warning is flashed before our eyes.

Its meaning is clear.

Accidents are increasing to such an extent that public officials and private citizens have become alarmed and are seeking for a remedy.

Most accidents are preventable because they are caused by carelessness or thoughtlessness. The preventative is caution, the keynote of safety. Caution should be cultivated until it becomes a habit. It is a form of mental self-control most desirable to possess.

The Department of Public Safety is designed to safeguard the men and women, the boys and girls of the community. It needs the help of every teacher and of every scholar in the work it has to do. Resolve in your mind to do your share for the benefit of your city, by remembering and profiting by the following warnings:

Don't play in the streets or on public highways.

Don't cross the street without first looking for the approach of vehicles.

Don't try to beat a moving vehicle across the street.

Don't catch rides on the rear of automobiles or trucks.

Don't linger on railroad tracks nor play on railroad property.

Don't cross railroad tracks when the warning gates are down.

Don't lose your temper when playing games.

Don't roller skate in the streets—you cannot always control your direction.

Don't coast down hill across street intersections.

Don't get excited and dodge backwards and forwards in front of an approaching automobile. The driver may become confused.

Avoid crossing between blocks in the congested districts.

Don't handle explosives, play with matches, nor destroy property, and do not permit others to do so.

When riding a bicycle, keep as close to the right hand curb as possible.

Don't ride a bicycle at night unless it is equipped with a warning light.

Learn to swim well before bathing in the rivers or in waters where the current is swift.

Don't fear the ridicule of your companions.

## MEMORIAL DAY COMMITTEES

Farmer Post and Other Military and Patriotic Organizations Plan for Observance in Oneonta

At a meeting recently held in the Municipal building for the purpose of making preliminary arrangements for Memorial day, a portion of the committee membership was named. Subsequently the various military and patriotic organizations affiliated with the Grand army in the work, made their designations, the last of them on Friday evening last, and the following committees were announced:

General committee: Chairman, W. H. Brown; vice chairman, R. P. Hill; Mrs. Etta Southworth, Mrs. Lucy Ferguson, Mrs. Edward Stapleton, R. E. Estabrook, Frank E. Neal, Dr. F. H. Tallock, Herbert C. Getman.

Program—Chairman, F. L. Olin; Mrs. R. H. Wescott, F. M. H. Jackson, Ralph S. Wyckoff, Edwin R. Moore, Everett Hicks.

Music—Chairman, U. A. Ferguson; A. L. Webster, N. Chicorilli, F. M. H. Jackson, R. A. McMorris.

Flower—Chairman, Mrs. Etta Southworth; Mrs. Sarah Wilcox, Mrs. Alice Bishop, Mrs. Sarah Bishop, Mrs. Etta Stapleton, Mrs. George Rowell, Mrs. Sarah Dudley, Mrs. Cora Hill, Mrs. Ida McMorris, Mrs. Sarah Peterson, Mrs. Alice Peterson, Mrs. Alta Jackson, Mrs. Lucy Ferguson, Mrs. Maggie Tucker.

Decoration of Monument—F. L. Olin, A. G. Butts, G. W. Norton, T. L. Blanchard, Pearl Countryman, R. H. Wescott.

Decoration of Graves—R. A. McMorris, S. J. Stone, J. B. Peters, D. F. Willman, W. H. Sessions, Dr. Lyman S. DeLaMater, Harvey Sackett, Francis Williams, Clarence Dunn.

Autos—D. F. Keyes and F. A. Ferguson.

Finance—C. J. Wescott and C. L. Hotelling.

Marshal—Dr. G. W. Augustin, who will choose his own assistants.

At the meeting at Municipal hall R. E. Estabrook acted as chairman in the absence of Commander Brown, and Frank E. Neal was elected secretary.

Brunswick Balke Collender company have been in business 78 years. Why should they not build the best tire on the market? Sold by Oneonta Auto Exchange, 20 Broad street, Oneonta, N. Y. advt 11

The Oneonta Automobile Club. Ask your secretary about roads before taking a trip. All roads under construction are reported to him. advt 11

Mrs. Marcia M. Walter being out of city, for any business call Mrs. George Purister, phone 613-W, between the hours of 9 and 12 a. m. advt. 11

Notice. Anyone knowing the whereabouts of Mrs. Hazel Eastman, please notify The Star office. advt 31

For Sale—Seven room house, with 2 acres of land, on state road, few minutes ride from city. \$1,500. Square Deal Farm agency. advt 31

Listen! Elks' Glee club will give concert in Laurens Methodist Episcopal church Wednesday evening, May 17. advt 11

Cemetery vases—Both glass and painted tin. Order now. Have a limited supply. Lauren & Rowe. advt. 31

## ARETHUSA CONVOCATION

Last Day of Convention a Busy One for Delegates—Business Meeting, Bacon Bat, Banquet and Dance.

Saturday was the final day of the Arethusa convocation at the Oneonta State Normal school in this city. The local chapter put forth every effort to make the last day a memorable one for the visiting delegates. At 9 o'clock Saturday morning the annual business meeting was held in the club rooms at the Normal. This was the one "dry" spot in the program for the day's festivities. At 1:30 the members of the local chapters of Alpha Delta, Alpha and Omicron conducted the delegates and the local Arethusa girls to The Pines for a Bacon Bat. A most enjoyable afternoon was spent in playing out-of-doors games and singing society songs. They returned at 4:30 in time to prepare for the annual banquet given in the Kindergarten rooms at the Normal. The members of the local chapter Arethusa, visiting delegates and Alumni were present. A very interesting program of toasts was presented. The address of welcome was given by the grand president, Marjorie Pegnum, Professor Lynch and Dr. Bugbee also addressed the diners. The following toasts were given by the representatives of the various chapters:

"Fountain of Arethusa"—Alpha chapter, Binghamton.

"Arethusa—Her Interests"—Delta chapter, Oneonta.

"Arethusa—Her Ideas and Ideals"—Gamma chapter, Genesee.

"Arethusa—Her Growth"—Epsilon chapter, New Paltz.

"Arethusa—Her Influence"—Zeta chapter, Albany.

At 8 o'clock Saturday evening a dance was given for the Arethusa girls and their invited guests. Dr. Bugbee, Professor Lynch, Miss Matjeson and Mr. and Mrs. Walrath were present. Music for the dancing was furnished by Smith's Melodic Trio.

Those who returned to their respective homes on the trains Sunday morning and afternoon.

Speeding Car Turns Turtle

Hudson Automobile Driven by Arthur Gittakis of this City Comes to Grief on Colliers Curve—Occupants Escaped Injury.

The occupants of a Hudson touring car owned and driven by Arthur Gittakis of this city narrowly escaped serious injury Saturday afternoon when the car, racing at a high rate of speed, turned turtle on the dangerous curve near the residence of Miss Ella Lyman at Colliers.

The Hudson, a 1921 model, was badly damaged, the windshield being broken, the top demolished, and one side crushed in, but by some miracle, Gittakis and his companion, a Dr. H. F. trainman whose name could not be ascertained, were unscathed.

The car was proceeding toward Cooperstown and according to those in the vicinity was racing with a Buick car driven by Arthur Costello of Oneonta. It is said that as Gittakis came into the level stretch at the foot of the long Colliers hill he opened his throttle and was going a high rate of speed when he struck the curve.

The car cut across the curve and was headed for the short section of fence on the right when Gittakis pulled it sharply back into the road with the result that it turned completely upside down. The Costello car made the curve in good shape and suffered no harm.

With the assistance of a number of men who happened to be in the vicinity the car was righted and proceeded on its way under its own power. It is said that Gittakis was arrested in Cooperstown last week for reckless driving and in view of the statements of witnesses who claim that the car was racing when the accident happened Sheriff Williams is making a thorough investigation.

To Plan for U. C. T. Convention.

The regular monthly meeting of Oneonta council, No. 328, United Commercial Travelers, will be held in Odd Fellows' hall Friday evening, May 19, at 7:30 sharp. Business of importance is to be transacted and a large attendance is desired.

Arrangements will be completed for the members to attend the state convention to be held in Binghamton June 8, 9 and 10, and several other matters of interest to the council are to be taken care of.

This Week's Booster Slogan.

The booster slogan which the Chamber of Commerce requests business and professional men to add as a postscript to their letters is as follows for the week of May 15-20:

"P. S. Oneonta Normal has the largest non-resident enrollment of the ten New York State Normal schools. Oneonta Chamber of Commerce."

Memorial Day Committee.

The members of the general committee on Memorial Day observance will meet in Municipal hall this evening at 7:30.

For Decoration Day.

We have beautiful metallic and ornamental wreaths. Metallic and glass bouquet holders that will not blow over. Also steel and wood caskets for cemetery plots or lawns. Dailey & Wright, 42 and 45 Broad street, Oneonta, N. Y. advt 21

For Sale.

Everything in household goods, beginning Wednesday, May 17, at 10 a. m. at 4 Lincoln avenue. advt. 31

Decorated dinner sets at special prices this week. 42 piece sets \$4.75 and \$7.25 each. 100 piece sets \$18.00 and \$21.00. Extra values. Lauren & Rowe. advt 31

The Stewart Speed Wagon is a good one. You ought to own one for general business. The Francis Motor Sales company. advt 21

Junonia Nut Margarine tastes as good as it looks. One trial will convince you as it has convinced others. Your money back if it does not. advt 1w

Elks' Glee club in Laurens Methodist Episcopal church Wednesday evening, May 17, for grand concert. advt 11

Lovers of good music attend concert by Elks' Glee club at Laurens, Wednesday evening, May 17. advt 11

Try a pound of our 32c coffee. You will come back for more at Palmer's grocery. advt 21

## IMPROVING KANDYLAND

Modern Refrigerating Plant and New Fountain Among Improvements Being Made by Proprietor James Koken.

In his efforts to make Kandyland as up-to-date an establishment as any in the city, Proprietor James Koken is expending upwards of \$10,000 in the installation of a refrigerating plant and new soda fountain and in other improvements. The refrigerating plant has been installed and is now in operation and the new soda fountain will be ready for use by noon today. Other improvements, including the laying of a new floor, will be started at once.

The refrigerating plant is of the York make and has been installed by the Shipley Construction and Supply company. It is of the latest motor driven type and has a capacity equal to four tons of melting ice. The plant will make two tons of ice a day in addition to supplying refrigeration.

A minimum temperature of 28 degrees below zero is possible. The room will be kept at a temperature of from zero to five degrees above and the temperature of compartment for storage of milk, cream, berries, fruit, candy, etc., will be maintained at a slightly higher degree. A new 40-quart motor driven freezer has also been added.

The soda fountain is of the most modern type and will use no ice, the refrigeration being effected by the plant in the basement. Decorated with marble it will prove as attractive as any in the city. A more complete line of lunches will be carried. In the past Mr. Koken has made 90 per cent of his candies and with more working space and a cooled storage space he expects to make a still greater assortment in the future.

With the installation of the new equipment Mr. Koken can boast of as fine an ice cream and candy store as any in the city. Despite the fact that the work has not been completed the store will remain open today as usual.

## MANAGER BRIDWELL DUE

Oneonta Baseball Pilot Will Arrive Today or Tomorrow—Syracuse Olympics Signed for Memorial Day Games.

With the arrival in the city today or tomorrow of Manager "Al" Bridwell, the baseball season in Oneonta can be said to have really begun. Manager Bridwell is bringing his wife and daughter and, according to letters from him, is all set to buckle into the harness and produce the best team that the city has ever had. The rest of the players are expected to be all here by a week from today so that practice can start.

It is not thought that the athletic field will be ready before the first games of the season on Memorial day, and until that time the team will practice on the Stamford diamond through the courtesy of the baseball committee of the Chamber of Commerce of that village. The Syracuse Olympics, one of the strongest semi-professional teams in the state, have been booked for two games here on Memorial day and should furnish the strongest kind of opposition. The morning game will start at 10:30 and the afternoon contest at 3 o'clock.

Your grocer probably knows that Hygrade Brand Butterline is the best. But if you order by name you will be insured against dissatisfaction. advt 1w

#### DOWIE ESTATE TO PAY WIDOW

AMOUNT DUE ON AGREEMENT WHEN COUPLE SEPARATED AT ANDES IN 1896.

Interesting Case Decided by Justice Kellogg at Supreme Court Chambers Here on Saturday Involving Estate of Man Formerly Well-Known in Delaware County—Other Cases Heard.

Justice Kellogg on Saturday awarded judgment for the full amount claimed to Ella M. Dowie of Hudson Landing against John C. DeWinter and Lillian P. Dowie, as executors of the estate of Harry Dowie deceased, formerly of Andes, and more recently of New York city. The judgment is for \$4,200 with interest from Jan. 1, 1922 and costs of the action.

Years ago Dowie was a successful speculator and well known in Andes and throughout Delaware county. When he became prosperous he removed to New York and an arrangement was made for a separation from the wife who is the plaintiff in the action. The judgment was based upon an agreement which it was shown that he entered into with the wife for her support from the time it was arranged that they should separate, on or about April 24, 1896. The verdict will gratify the friends of the wife.

H. C. and V. D. Stratton of Oxford appeared for the plaintiff and Frederick M. Harris of 90 West Broadway New York city for the defendants.

The affairs of A. C. Hendry, River street greenhouses before Justice Kellogg on Saturday when Tony Angellotti as receiver of the property through his attorney, Hon. George L. Boeckes, sought an answer upon a show cause order requiring the defendant Hendry to explain why he should not be punished for contempt of court in removing \$150 worth of lily bulbs which the plaintiff claims was covered by a contract wherein the title remained in the plaintiff until he was fully paid. The parties were given until Saturday next to file further affidavits and replying affidavits. Claude V. Smith appeared for Hendry.

#### Marriage Annulled.

Proofs were taken in the action brought by Charles S. Southard against Ada M. Southard to have their marriage annulled. The decree was granted. Claude V. Smith appeared for the plaintiff and Charles H. Burnett of Binghamton for the defendant.

#### Must Correct Complaint.

In the action brought by the Walton Foundry company against A. D. Granger company, the plaintiff was cited to show cause why it should not be directed to separate and number its causes of action, and especially those set forth in paragraph three of the complaint, and to make it more definite and certain. Order was granted with \$10 costs. Wilber, Norman & Kahn of 239 Broadway, New York represented the defendant and A. G. Patterson of Walton the plaintiff.

#### Births.

Milford May 15.—Born, Saturday, May 13th, to Mr. and Mrs. James M. Packer of this village, a daughter.

Born Thursday, May 11th, to Mr. and Mrs. Percy Parslow, an eight pound daughter.

Born, Tuesday, May 9, to Mr. and Mrs. Frank Kelly, 7 Susquehanna street, an eight pound son, Joseph Sullivan.

#### Death of Wm. F. Betts.

J. Earl Hay received a telegram yesterday notifying him of the death of his uncle, Wm. F. Betts of Decatur, Illinois.

Mr. Betts was born near West Laurens where he lived during early manhood. He will be remembered by a large circle of friends in that vicinity.

#### DEATH OF MRS. G. N. BOWDISH

Respected Resident of South Side Passed Away at Home of Son, L. R. Bowdish, at Sheffield, Mass. — Funeral Service from Old Home Sunday Afternoon.

Maria J. Hoag, wife of George N. Bowdish, a well-known resident of South Side, who had for some time been at the home of her son, L. R. Bowdish, at Sheffield, Mass., died at that place Thursday last, death being caused by the natural failing of the physical powers. The body, accompanied by the husband and daughter, Mrs. L. R. Bowdish, arrived in Oneonta Saturday evening and was taken to her late home on South Side, where the funeral services were held Sunday afternoon at 2:30 o'clock, her pastor, Rev. Dr. L. M. Johns of the First Methodist church officiating, with interment in the Plains cemetery.

Mrs. Bowdish was born July 30, 1837, at Edmeston, and was the daughter of the late Ezra D. Hoag and Sally A. Perkins, most of whose lives were passed at Garrettsville. In her younger days she was a milliner as to occupation. Being of a musical nature, she was the leading soprano and head of the choir of the Methodist Episcopal church at Edmeston, years before organs were introduced. She was married in marriage with George Nelson Bowdish, June 22, 1861, and two sons were born to them, the youngest of which, Rosell Ezra, died at the age of about seven years of scarlet fever when the family resided in the Brick School House neighborhood north of Garrettsville in April, 1871.

Eighteen years of her married life was passed on the old Bowdish homestead four miles from Rural Grove, where she and her husband and one daughter and her husband, who were members and regular attendants of the Methodist Episcopal church. In 1884 the family moved to Oneonta and resided on Church street for a year, after which they took possession of the residence they have since occupied on South Side.

Mrs. Bowdish leaves a husband, George N. Bowdish, a son, L. R. Bowdish, who is superintendent of schools at Sheffield, Mass., and one grandson, Alter Orman Bowdish, a student at Boston university. She is the last of her father's family, her younger sister, Mrs. Amos Kniskern, formerly of Cherry street, this city, having passed away in May, 1918.

Mrs. Bowdish was a modest, retiring woman and only those who knew her for some period of time were gained a knowledge of her sterling character. She was poetic and wrote in that vein considerably, but her lack of confidence in herself forbade even her intimate friends to enter that sanctum of her life.

Despite the belated announcement of her demise, there was a goodly company of old neighbors and friends gathered at the home Sunday afternoon to pay their respects to this good woman, and Dr. Johns referred appreciatively of her worth and loyalty to the Master and to the church.

#### OVER ON SOUTH SIDE.

Germonds Pleasantly Surprised by Neighbors—Personal News Notes.

A delightful social event took place last Friday evening on South Side, when the South Side Neighborhood club, 80 strong, marched unannounced into the home of Mr. and Mrs. S. F. Germond to give them a surprise party. During the day, Mr. and Mrs. Germond had received an invitation to spend the evening with friends in the city, but about 8 o'clock the "bunch" arrived and a merry time followed.

The early hours of the evening were passed with cards and music, and about 11 p. m. a delicious supper brought in the guests, was served. The remaining hours of the night were passed with dancing. The strains of the South Side orchestra. All together, the evening was a decided success and greatly enjoyed by those present.

#### Going Mr. Griffin One Better.

Reference was recently made in this column to a master egg laid by one of Charles Griffin's pullets, but Charles Sanford gives him one better. Saturday one of Mr. Sanford's White Leghorn pullets vociferously told the world that she had laid an egg of more than usual dimensions. Mr. Sanford immediately ran for the yardstick and found that it measured 5 1/2 inches by 6 1/2. "Some egg."

#### Personal Notes.

Mr. and Mrs. Clyde Conrow attended a party at the home of John Callaghan in East Meredith last Thursday night.

Mr. and Mrs. Davis of Fergusonville have rented rooms in Claude Taylor's residence. Mrs. Davis and Mrs. Taylor are sisters.

Mr. and Mrs. L. J. Coe and daughter, Leah, of Otisco, were Sunday guests of Mr. and Mrs. Clyde Whipple. Edward Seymour spent Sunday in Binghamton.

R. M. Sanford, Robert Sanford and Miss Margaret Sanford, all of Sanford Lodge, Stamford, were Sunday guests of Mr. and Mrs. Charles Sanford, South Side.

#### Unusual Success in Restoring Health.

In practically all acute, and thousands of chronic, so-called incurable cases, chiropractors are meeting with unusual success, in restoring them to health. Do I need to tell you more? If you desire better health, I am at your service.

Chiropractor, D. C. Ph. C., Chiropractor, (Graduate of the Palmer School).

#### Personal

Miss Mary Littlefield of Sidney called on friends in this city Saturday.

Mrs. E. J. Lutzey of 10 Grand street is expected for a week of Mrs. G. A. Brown of Plattsburg.

Mr. and Mrs. Abner Walling of 22 Division street were guests of friends in Balmbridge Saturday.

Mrs. H. G. Wheeler of Oneonta spent the week-end with friends in Albany and Schenectady.

Mrs. Charles R. Marsh of this city spent Sunday with her mother, Mrs. L. Utner of South Valley.

Mrs. Minnie Lunn of Walnut street left Saturday morning to spend a few days with friends in Binghamton.

Mrs. C. P. Weeks and grandson, Richard Holdridge, are visiting the former's sister, Mrs. A. L. Cook.

Miss Kate B. Christman of the Normal faculty passed the week-end with friends in Albany and Schenectady.

Mrs. Edith Libbitt, who had been spending the week-end with Oneonta friends, returned Sunday to her home in Albany.

Miss Cora H. Pettit and Miss Maud Williamson, both members of the Normal faculty, passed the day Saturday in Albany.

Edward F. Burke of the state department of agriculture at Albany has been making a brief visit with relatives in this city.

S. A. Mead, who had been visiting his cousin, Miss Caroline D. Hurlbutt of this city, returned Sunday to his home in Peekskill.

Kenneth S. Covey, who had been a guest of his mother, Mrs. Effie Covey, for the week-end, returned Sunday to Philadelphia, Pa.

Miss Harriet Jaquins of Rainbridge was a week-end guest of her sister, Mrs. A. W. Beebe, 83 Spruce street, returning home last evening.

Mr. E. Carson of New York returned home Saturday after a visit with her parents, Mr. and Mrs. E. G. Brainerd, of 40 London avenue.

Mr. and Mrs. Leon Woodcock of this city spent the week-end with Mr. Woodcock's parents, Mr. and Mrs. Leslie Woodcock, of Milford.

Mrs. Scott Hubbard and son, Fred, of 48 Elm street, and Mrs. Isaac Cross, 5 Fourth street, spent Sunday with Mrs. Lester Stevenson at Schenectady.

Mrs. Marshall Grippen and son of Binghamton returned home Saturday after a few days' visit with her sister, Mrs. R. D. Lake, 6 Jefferson avenue.

Mr. and Mrs. Leo Sawyer and child went to Tunnel Saturday afternoon to spend the week-end at the home of her father, R. M. Holcomb, formerly of this city.

Miss Julia M. Harrington of the faculty of the Schenectady High school was with her parents, Mr. and Mrs. J. P. Harrington, of this city, for the week-end.

Mrs. B. L. Spring and daughter, Allen, of Hobart, were in Oneonta yesterday on their way to Buffalo, where they will visit relatives for several weeks.

Miss Ruth Winans, daughter of Mr. and Mrs. E. J. Winans of Oneonta, is a recent graduate of Mt. Sinai hospital Training School for Nurses, New York city.

Mrs. O. C. McCrum and daughter, Mrs. A. P. Mills, arrived home Saturday evening from a sojourn in Boston, Mass., and vicinity visiting places of interest.

Mrs. May Wilson Jennings returned Saturday morning to New York city after three months spent at the home of her cousins, Mr. and Mrs. G. A. Lane, of this city.

Mr. and Mrs. H. D. Jane of Chicago returned home Saturday after visiting Mr. Jane's sisters, Mrs. Burr Chamberlain, of West End avenue, and Mrs. Ira Sullivan, of Otisco street.

Mr. and Mrs. L. Crandall of Sidney were in Oneonta yesterday to visit their son, Archie W. Crandall, who for the past four weeks has been a patient at the Fox Memorial hospital.

Miss Elizabeth Vrooman, whom the death of her father, Lewis Vrooman, about two weeks ago, brought to her home in Oneonta, returned yesterday to resume her duties in Albany.

Mrs. Malcolm Dunlap, daughter, Carol, and son, George M., are guests of the former's parents, Mr. and Mrs. E. J. Winans, of this city. Mr. Dunlap, who accompanied them, returned home Sunday.

Miss Nellie R. Brown of Binghamton, who had been visiting Mrs. C. R. Howell at the home of Mr. and Mrs. G. L. Voorhees, 27 Brewer avenue, over the week-end, returned home Sunday evening.

Dr. Leroy S. House of the staff of the Staten Island hospital at Tompkinsville, E. I., and his friend, Carl Jones, of New York city, were week-end guests of the former's parents, Mr. and Mrs. E. D. House.

Dr. Frank Abbott of Denver, Colorado, has been spending a few days with Mrs. A. L. Cook of 31 East End avenue. Dr. Abbott leaves today for Afton, but expects to return some time in June so that her many friends in Oneonta may have the opportunity of renewing old acquaintances.

Mr. and Mrs. Walter Chase, son, Jarluis, and daughter, Margaret, of Philadelphia, and Mrs. James Elliot and son, Richard, of Windsor, were guests Saturday at the home of Nathan B. Chase, 35 Cedar street.

Mrs. Ira Mowery and grandson, Ira Avery, left Saturday for New York whence, accompanied by the former's daughter, Mrs. C. L. Avery, who for a short time had been in the Post-

#### MRS. SCOTT DAVIS DEAD

Former Resident of Oneonta Passes Away at Home in Worcester Sunday Morning of Apoplexy—Funeral Tuesday Afternoon.

Worcester, May 14. — Lillie Jane Davis, wife of Scott Davis, died at the family home here Sunday morning at 4:30 o'clock of apoplexy. She had not been in good health for some time and the family recently removed here from Oneonta where they had resided for the past three years. The funeral services will be held Tuesday afternoon at 2 o'clock from the house and Rev. R. F. Lesh of the Methodist church, of which the deceased was a member, will officiate. Interment will be in Maple Grove cemetery.

Mrs. Davis was born in Worcester April 6, 1859, and she had resided here practically all her life except for a period of three years passed at Oneonta. She was united in marriage with Mr. Davis February 23, 1887.

She is survived by her husband; one daughter, Mrs. J. S. Silk of Worcester; one brother, L. I. Wilson of Portlandville; and by one sister, Mrs. S. V. Chestney of Oneonta. Jerry B. Wilson of Oneonta is a nephew of the deceased. Mrs. Davis was held in high esteem here and all learn with deep regret of her death.

#### DR. RUSSELL CONVALESCING.

Probably Will Not Occupy Pulpit Again Until Next Fall.

Rev. Dr. J. C. Russell, pastor of the First Presbyterian church, has been granted an indefinite leave of absence, and probably will not return to his pulpit until next fall. The clergyman's delicate health has made a prolonged rest imperative, and he and Mrs. Russell are now at Atlantic City, but expect soon to return to the homestead at Horseheads, near Elmira, to spend the summer.

The last word received by his parishioners here was of an encouraging nature, and the community generally will join in the wish of his congregation that his health may speedily be restored. As a token of regard, the children of the Sunday school yesterday brought cards to the superintendent to be forwarded to Dr. Russell.

During Dr. Russell's enforced absence, the pulpit will be filled by Prof. C. A. Kallgren, of the Colgate Theological Seminary, who has preached here for the past month and given excellent satisfaction. His Mothers' Day sermon yesterday was particularly effective and was heard by a large congregation. The speaker warned against the modern tendency to drift away from home life and asked what would take its place.

#### Quality Points

that will answer your needs. Guaranteed first quality, for less money than any other. Call after 6 p. m. L. W. Vordermark, 15 East street. Adv. 6t.
